

**[CONSOLIDATED SIA TENDER QUERIES]**

**APPENDIX F – TENDER CLARIFICATION FORM**

**KUALA LUMPUR HIGH SPEED RAIL PROJECT**

**REQUEST FOR CLARIFICATION (2)**

No.	Reference No. (Item of the Tender Document)	Question	Response	Date
26	Item 5 (TOR – 11)	We would like to know if the Health and safety Plan is meant for the project team of study (as consultant)	No. The Health and Safety Plan as stated under Section 5 (TOR – 11) is required to be submitted by the appointed consultant to MyHSR Corp prior to the commencement of any activities. This is to ensure the SIA Consultant can demonstrate the best practice to conduct the SIA activities in compliance to the Health and Safety requirement.	30 November 2017
27	Item 3.5.2 (TOR – 3.5)	It is mentioned in the TOR that interfaces Management Plan and Interface Document Control are to be prepared based on the Interface Management Procedure issued by MYHSR Corp. We Would appreciate it if you can clarify on this matter and if not too much, share with us the said document since it's not included with the other documents in the pen drive.	The Interface Management Plan and Internal Document Control will be given upon appointment of SIA Consultant. The referred documents indicate the interface procedure that need to be complied to obtain necessary information, i.e. from the engineering aspect, environmental aspect, etc. for the SIA study in ensuring the information shared is updated and is from the trusted source.	30 November 2017
